Dear Commissioners:

Like so many citizens I am deeply concerned by the plans to allow further media consolidation.

We need a diversity of viewpoints, perspectives and owners in our media.

Sincerely,

Roger Walsh, M.D.

The Honorable Michael K. Powell
Chairman
Federal Communications Commission

Dear Mr. Powell,

Please do not relax the broadcast ownership rules.

These proposed changes do not protect American citizens from media monopolies and would only help these big outfits gain more control over television and radio providing fewer opinions for Americans to consider.

Please continue with your current policy concerning broadcast ownership. This will help our political climate by providing a variety of opinions for the people to work with.

Sincerely,
